

Abstract guidelines:

All PhD students must submit abstracts for their posters to be presented at the meeting.

- Abstract should not exceed 2 A4 pages and can include figures and other diagrams
- Use Times New Roman
- Font size 12
- Leave an empty line between title and author list.
- If multiple authors contributed to the work, denote the presenter with an asterisk (*).
- The presenter's address should be directly underneath the names, followed by an empty line.
- Follow a standard pattern with subheadings for your abstract, e.g. background, goals, material and methods, results and conclusions.
- See template on the second page.
