The Institute of Theoretical Astrophysics (ITA) conducts annual HSE surveys. The survey is a survey of the working environment. Employees and students are invited to participate.

The HSE survey consists of

- a physical inspection of the premises (office/workplace, common premises, student facilities etc.). A representative, a representative from the staff/students and a representative from the Technical Department
- an electronic survey where staff/students answer a questionnaire concerning their workplaces, and

The survey results in a report. The report will be reviewed in the local working environment committee. The Technical Department at UiO will be present. Some of the work in the committee will be based on
