

CBAAs – 1st Come together Drøbak

25th and 26th March 2019

Program

Monday 25th

12:00 Lunch and Coffee

13:00 Welcome talk Dag

13:50 Presentations 1

- Effects of ozone on plant and mycorrhiza (Åshild Fandango Kapperud)
- SOC in boreal zones - Inventory and mineral associations (Lars-André Erstad)
- Impact of Climate Change on DOM (Camille Marie Crapart)

14:50 Coffee break

15:00 Presentations 2

- Lake CO₂ production and consumption in a changing environment (Lina Alleson)
- Freshwater bacterial diversity determined by DOM properties (Laurent Fontaine)

15:40 Brainstorming/Group exercise 1

Skills, interests, and knowledge in the centre

16:00 Group picture time

16:10 Presentations 2

- Effect of DOM origin on contaminant accumulation in coastal marine organisms (Katrine Borgå & Sabrina Schultze)
- Exploring environmental pollution from e-waste in Tanzania (Ane Haar)
- Spatial and temporal trends in e-waste related pollutants in air and soil in an emerging economy (Maja Nipen)
- Greenhouse gas enrichment studies and introduction to the stable isotope facilities (Hope Jahren/Bill Hagopian)

17:20 Brainstorming/Group exercise 2

Development of the centre's mission statement

19:00 Dinner at Reenskaug Hotel

Social time in Tollboden

Tuesday 26th

08:30 Breakfast and coffee

9:30 Presentations 3

- Effects of climate change on soil microarthropod diversity and ecological function. (Heidi Konestabo)
- Is sub-arctic vegetation biomass accumulation affected by ground level ozone pollution? (Ane Victoria Vollsnes)
- Challenges of representing soil biogeochemistry in climate models (Elin Cecilie Ristorp Aas)
- Large Igneous Provinces, global climate change and mass extinctions (Thea Hatlen Heimdal)

10:50 More coffee

11:00 Brainstorming/Group exercise 3

Ideas for collaboration, common interests, outreach

12:00 Lunch

13:00 Final remarks

Practicalities

How to go to Tollboden in Drøbak

Address

Tollboden kurscenter
Storgata 43
1440 Drøbak

Bus

The easiest way to go to Drøbak and specifically to Tollboden is to take the bus 500 from Bussterminalen Grønland and get off at the last stop at Drøbak brygge.
500E is also an option but involves changing the bus and some walking.

Contact

If you have any questions please contact
Jan Heuschele, phone 004746371954, email: janheu@uio.no

Overnight stay

There are 22 beds in Tollboden most in shared rooms. Bedlinen and sheets are provided.

Presentations

Please remember that your presentation should be around 15 minutes, and that the audience is probably not completely familiar with the lingo and your field. Maybe give a short intro into the broader context, and then zoom into your specific area of research. And you could also think and suggest ways where CBA could assist you in your research.

Brainstorming sessions

We will also have some brainstorming sessions, where we will develop a shared vision and mission of our centre, and explore ways to foster collaboration and knowledge transfer within the centre. We look forward to hearing about your ideas and suggestions for the centre.
