

The easiest way to reach Oslo Science Park (in Norwegian: *Forskningsparken*) is by using subway (in Norwegian: *T-bane*). From the city center please take the westbound metro service. You could choose line no. 4 (direction: Vestli via Storo) or no. 5 (direction: Ringen via Storo or Sognsvann). Get off at the FORSKNINGSPARKEN stop and follow the signs and footpath to *Forskningsparken* (see the map <https://goo.gl/maps/2zLsE5pqN4s>).

To travel you need a single ticket (35 NOK) valid in **ZONE 1**. Tickets can be purchased (credit/debit cards or coins) at selling machines located before the boarding area or at kiosks (Narvesen, 7-Eleven, Deli De Luca and Mix) and service points (Ruter's Customer Services Center, in Norwegian: *Trafikanten*, located in front of the main entrance of Oslo Central Station).
