

Final Report – KJM5700/9700 – H2018

Course Leader: Armin Wisthaler

Lecturers: Knut Breivik, Thorjørn Larssen, Rolf David Vogt, Armin Wisthaler

CHANGES

No changes were made relative to the course taught in 2017.

ATTENDANCE

The course was well attended, with typically 8-15 students in the audience.

LEARNING MATERIALS

Electronic copies of the lecture slides, movies and animations, additional learning material were posted on Canvas. Canvas was used for the first time and it worked out well. Lecture podcasts were made available on the course webpage.

ORAL EXAMINATION

19 students registered for the oral exams in KJM5240 held from December 5 to 7, 2018. Two students withdrew from the exam and took a “konteeksamen” on January 18, 2019. The overall outcome of the exam was as follows:

A	B	C	D	not present
3	7	3	3	3

2 students registered for the oral exam in KJM9700. Both students passed the exam.

FEEDBACK

Students were asked for feedback after the lectures and after the oral examination. The main message was that the lecture podcasts are nowadays the most important learning tool for many students. It is thus important to provide high-quality podcast (good audio quality, pointer to be seen on podcast)
